Nundydroog Commissioner's
No 266 dy 26 November 1878
Submitting, in continuation of the
above, similar Statements for
the Tumkur District

---

1. The Chief Commissioner
having ascertained that several
instances occurred of the collection
of the revenue having been made
from the ryots by the distraint
and Sale of their lands & cattle
the Commissioners of the Dists
were requested to State whether
this was done with their know-
ledge and Concurrence and

+ No 8843/42 dy 14 January 1878

to obtain from the Dy Commissioners & forward to this Office as soon as possible a List of all such Sales held since the 14 August 1877, together with the original records in each case, including the Amildars report and the Dy Commrs orders thereon. It was also directed that this List should shew the amount due to Govt, the date of sale, the name and occupation of the purchaser, the assessment of the land and the price for which it was sold.

2. Adverting to the above the Commissioner, Dundydroog &c forwards with the letters under reference, the Statements received from the Dy Commissioners of this Division together with abstract

Statements prepared in his
office, giving certain particulars
regarding the Sale of Lands
&c held since 14th August 1877
in Satisfaction of Government
demands, also the original
records connected therewith and
copy of the Bangalore Deputy
Commissioner's letter on the sub-
ject and points out that on
learning what was going on in
the Bangalore District from
ryots who came and petitioned
him in person he issued the
Circular of the 8th of December 1877
(Vide attached Circular)

3. The Commissioner adds
that these numerous attachments
and Sales may account for
the impoverished condition of
the Dodda Ballapur and
other Talukhs, that Major Clarke
subsequently while Acting as
Commissioner in February
last noted an opinion that
all Sales in those cases in

in which a payment had been made of more than three fourths of the Government demand should be cancelled and that in this opinion he fully concurs.

4. The Dy Commissioner Bangalore District states that applications from Talukas for sanction to sales of ryoti lands were always treated as routine work & sanction often given under the Signature of an Assistant Commissioner. He refers to Comm'r Cir: No 401 dy 24 November 1876 & No 8 dy 6 April 1877 forwarding copies of correspondence from the Dy Accountant General and Secretary impressing upon Dy Commissioners & Amildars the necessity of recovering arrears of revenue

1-5 to Mark the Government had been already put in possession of the charge of the talukas of 3/4 [illegible]

* No 1255 dy 26 Feb: 1878

The sales of lands have usually delayed in the Comm'r Office, have been detained there for 3 months. But Capt Cumming sent up the records, without any analysis or classification & thus had to do the Comm'r office duty [illegible]

and States that as there was no Specific order against the existing practice, the usual course was generally adopted. Upon receipt of Comm'r's Iro 511 dy 8 December 1877 stringent orders were issued by the Dy Commissioner to Amildars to discontinue Coercive measures and these orders were further enforced on receipt of the Comm'r's Iro 561 dy 16 January 1878.

5. Capt: Cumming points out that if all Sales of land on account of non-payment of revenue had been set aside it would have been almost impossible to collect any revenue at all during 1877-78, that the ryots were holding back and pretending they could not pay and the idea had got abroad that

This is not correct. Please see para 2 of this Circular No 8843/42 dy 14 Jany 1878 in which the instructions conveyed in para 2 of C.C. order No 1573 dy 14 Augt 77 are 79858 quoted - In that order it was expressly stated that "it is the Civil to enforce the first demand agst the occupants of small holdings who have been impoverished by the famine" and that the demand should be enforced only agst the "better class of ryots" who may evade payt of the past dues of Govt.

CVV

no Coercive Measures would be adopted to enforce pay: ment.

6. Capt: Cumming states that there are two sides to be looked at in every question and with regard to these Sales he states that it must be remembered that they represent about 15 per Cent of the Cases where Sales were Sanctioned and the upsets paid up before the Sales took place.

7. The Dy Commissioner adds that the position of the District Officer during 1877-78 was a very difficult one, while on the one hand he had to guard against any oppressive measures being adopted he had on the other to get in as much money as possible for Government and that there was a general determination

on the part of the ryots to avoid paying anything if they could have managed to evade doing so.

8. The lists as well as the Vernacular Proceedings referred to in para 2 above shew that there were 1234 Cases of Sale in the Division since 14 Aug. 1877 as shewn below

Bangalore Distt	—	921
Kolar do	—	9
Tumkur Do	—	304
		1234

The Kolar Dist Cases were personally inspected by the Asst Collector. The fact is not so in Bangalore District where the proceedings have been merely Dep. Comm / Cap. Cummins left the duty of preparing orders in these cases, & the Bangalore District Deputy Asst Commr. Mr. appointed to the Asst Commr's office formerly

well selected cases call for

no interference in Tumkur & Bangalore (Especially) the wiping done by selling up those who defaulted through poverty & the times should be put right as far as now can be done by returning lands wherever available to the ryot who was ousted on his giving, if he is willing to take it. I doubt if more can be done now.

To

The Deputy Commissioners

of Districts

Sir,

A considerable number of petitions having been received which indicate that in some Talukhs ryots' lands and other property is being attached and sold towards the recovery of last seasons' arrears, I have the honor to point out that this should be the very last resort at a time like the present, when it is most desirable that ryots should be encouraged by every possible means to cultivate their lands to the utmost possible extent.

2. You will therefore clearly understand that after a season such as that which has passed over us, I am strongly opposed to any such pressure as an outright sale of a cultivators' working stock, farming implements or his cultivable land. To authorize such sales would simply bring about greater ruin on the ryots, and would in the end prove injurious to the interests of Government.

3. I do not mean to direct that every legitimate means should not be employed to

7

to collect some portions of the large out-
-standings shown in the demand, collection
and balance statements from well-to-do men,
and to some extent from other cultivators
who get in a fair crop; but this must
be done tentatively and with judgment,
and not according to any hard and fast
rule. I would rather take the responsibi-
-lity of going up to Government for heavy
remissions of the outstandings than press
the people at a time like the present.

4. Pending further instructions you will
not therefore sell up ryots' holdings without
special sanction first obtained, and I will
in due course, as soon as I have obtained
full particulars regarding present outstandings
place the whole matter before the Chief
Commissioner for his special instructions.

I have &c.
